

# The Neighborhood Roundup

## Highlights

*Over the last several months the Wellness Centre has seen a large number of visitors pass through its doors for a number of different community events. Below are just a few highlights of what went on at the Wellness Centre.*

*In early March, along with Hockey Canada we promoted their Hockey Canada Community Ambassador program and welcomed Olympic Silver Medalist and Halifax native Jill Saulnier to the Wellness Centre for a presentation to local athlete, Ava Foote.*

*We also welcomed home our local Olympic hero Blayre Turnbull to the Wellness Centre in early March where she shot a number of promotional videos for her many sponsors.*

*In late March, the Wellness Centre partnered with the newly formed Pictou County Chapter of Habitat for Humanity and the Weeks Jr A Crushers for a Community skate and information session on how to become involved in the new community initiative.*

*In April we welcomed Eastlink TV to the Pictou County Wellness Centre. We were the host site for their monthly Eastlink Magazine TV program. We also hosted a community vigil to support the Humboldt Broncos bus tragedy that was organized by a local group of citizens.*

*A number of community events also took place over the months of March and April. They included The Pictou County Home Show, Boxing Night in Canada and the Rotary Pizza Festival. In all, over 6000 people visited the facility over the course of these three events.*

*Our Community Conference Centre continues to be very busy with over 40 rentals during the months of April, May and June. Whether you are planning a birthday party, reunion or a business meeting, our Community Conference Space can accommodate you.*

## Did you know?

*The Pictou County Wellness Centre is very proud to be home of the YMCA of Pictou County.*

*Since opening there has always been some confusion between the Wellness Centre and the YMCA within the Community. To clarify, the YMCA lease space from the Wellness Centre and manage all of their programs and services including the fitness center, the pool, gymnasium and the childcare program independently.*

*Questions regarding any class or program schedules offered by the YMCA can be answered by calling 902-752-0202 or visiting them on Facebook or their website at [www.pcymca.ca](http://www.pcymca.ca)*

**If you would like to inquire more about our Community Conference Centre, please contact Jennie Greencorn by phone at 902-755-8870 X322 or by email @ [jennie.greencorn@pcwellnesscentre.ca](mailto:jennie.greencorn@pcwellnesscentre.ca)**

## Public Skate

Monday to Friday  
3:00pm – 4:00pm

## A Message from the C.O.O.

This year the Board of Directors for the PCWC parted ways with the original management company that oversaw the operations of the building since it opened in 2012. As a result, beginning April 1, 2018, the Pictou County Wellness Center began operating under a new management structure and we are pleased to report the transition from Nustadia Recreation Inc. has been seamless, and staff is excited to move forward with the new structure and Board.

Our hard working team is committed and focused on creating a Customer Centric Culture that strives to ensure all guests have a positive experience. Our goal is to create an environment whereby all customers are greeted by an inviting, welcoming, clean and safe environment that allows them to enjoy their time and encourages them to come back.

Our Management Team is also pleased to be able to forecast and present a balanced 2018-19 Operating Budget to the Board of Directors in June. As is the case for most municipally owned and operated recreation and community facilities, there is an allocation of funding required from participating Municipal Units and in turn the tax payers within Pictou County. One of our goals has always been, and will continue to be, minimizing the allocation required from each participating Municipal Unit through innovative and effective strategies that will drive revenue and reduce overall operating costs.

The Pictou County Wellness Centre is truly an asset to Pictou County and we have the privilege of seeing that on a daily basis. Patrons from communities across the Maritimes and beyond remind us on their visits just how fortunate we are to have such a world class facility for our residents to enjoy and to continue living an active, healthy lifestyle.

David Hood  
Chief Operating Officer  
Pictou County Wellness Centre

Our parking lot has been given a facelift with new paint just in time for summer. We have also added new fire lane markings at the rear of the facility.
